Roll No. [ ]

Total No. of Questions : 13 Total No. of Pages

B.Pharmacy (Sem-2)

BIOCHEMISTRY

Subject Code : BP-203T

M.Code : 74969

Date of Examination : 02-06-2023

Time : 3 Hrs. Max. Marks :

INSTRUCTIONS TO CANDIDATES :

1. SECTION-A is COMPULSORY consisting of TEN questions carrying TWO ma each.
2. SECTION-B contains THREE questions carrying TEN marks each and stud has to attempt any TWO questions.
3. SECTION-C contains NINE questions carrying FIVE marks each and student h to attempt any SEVEN questions.

SECTION-A

I. Write briefly :

a) What are homopolysaccharides?

b) Give structures of purine nitrogenous bases present in nucleic acid.

c) Give any one example of endergonic reaction.

d) Give any one biochemical importance of HMP shunt.

e) Name hormones which are involved in maintaining blood glucose level.

f) Define oxidative phosphorylation with example.

g) Give one example and importance of inhibitors of ETC.

h) Give structure and biochemical use of any one steroidal sex hormone.

i) Name disorders of urea cycle.

j) What is termination codon?

: 02

ass

SECTION-B

2. Describe reactions of citric acid cycle and its significance.

3. a) Describe *de novo* synthesis of palmitic acid.

   b) Describe biosynthesis of bile acid from cholesterol.

4. Describe reactions of *de novo* biosylthesis of purine nucleotides.

SECTION-C

5. Classify 20 amino acids present in protein structure.

6. Discuss structure of ATP and comment on its energy rich property.

7. Described three important enzymes involved in glycogenesis and comment on their functions.

8. Describe the components and mechanism of ETC.

9. Describe biosynthesis of melatonin and its biochemical significance.

10. Describe reactions of urea cycle.

11. Describe semiconservative model of DNA replication.

12. Describe allosteric regulation of enzymes.

13. Describe structures and biochemical functions of coenzymes derived from Vitamin B3.

NOTE : Disclosure of Identity by writing Mobile No. or Making of passing request on any page of Answer Sheet will lead to UMC against the Student.
