Roll No. ☐☐☐☐☐☐☐☐☐☐ Total No. of Pages : 02

Total No. of Questions : 13

B.Pharmacy (Sem.–3)

PHARMACEUTICAL ORGANIC CHEMISTRY-II

Subject Code : BP/301T

M.Code : 75105

Date of Examination : 11-06-2024

Time : 3 Hrs. Max. Marks : 75

INSTRUCTIONS TO CANDIDATES :

1. SECTION-A is COMPULSORY consisting of TEN questions carrying TWO marks each.
2. SECTION-B contains THREE questions carrying TEN marks each and students have to attempt any TWO questions.
3. SECTION-C contains NINE questions carrying FIVE marks each and students have to attempt any SEVEN questions.

SECTION-A

1. Attempt the following :

a) Give sp^2 hybridized orbital of benzene.

b) Give structure and uses of DDT.

c) Why picric acid is more acidic than phenol?

d) Electrophilic substitution in aniline occurs faster than in benzene itself. Why?

e) How to differentiate phenol from acid?

f) Why benzoic acid is stronger than acetic acid?

g) Define acid value.

h) What are oils?

i) Give orbital picture of naphthalene.

j) Give Friedel Craft reaction of benzyl chloride for the synthesis of anthracene.

SECTION-B

2. Give the analytical and synthetic evidences in support of structure of benzene.

3. Explain important reactions of benzoic acid.

4. Discuss various steps of Haworth synthesis of naphthalene. Describe its electrophilic substitution reaction.

SECTION-C

5. Explain resonance stability in benzene.

6. Compare Friedel Craft alkylation and acylation.

7. Give qualitative tests for phenol.

8. What is the principle and significance of determination of acid value?

9. Give orbital picture of phenanthrene along with resonance structure.

10. Explain electrophilic substitution reactions of benzene.

11. What is Baeyer's strain theory? Comment on its limitations.

12. Write a note on saponification and rancidity of oils.

13. Explain the acidity in picric acid on the basis of resonance and inductive effect.

NOTE : Disclosure of Identity by writing Mobile No. or Making of passing request on any page of Answer Sheet will lead to UMC against the Student.
